#### Slim side panels

The style is sharp and aggressive with super-slim, through-side panels and a seat and tank combination that helps the rider move freely on the machine.

#### Floating discs with ABS

Two-channel ABS is fitted on standard and gives the rider the option to switch off the rear caliper for independent control when you need it.

#### Long range fuel tank

The 7.8L (including 1.8L reserve) fuel tank delivers class-leading fuel efficiency with PGM-FI.

#### Rear Suspension

Pro-Link rear suspension features a ratio revised for rider comfort. The shock absorber is a single tube design with 46mm diameter cylinder.
